# ISICport project

IMA, in a joint project with GTS ALIVE (ISIC card distributor), launched the ISICport cloud access system for schools

#safeschoolenvironment #digitizationinpractice #imapartners #cooperationpaysoff

- (C) IMA technology + GTS ALIVE experience
- Robust IMAporter HW from IMA
- IMA cloud-based software tailored for schools
- Automatization of access, security and student attendance monitoring
- Full integration with school and ISIC systems
- (C) ISIC virtual card stored in a mobile device even for door access
- © Since September 2020 installed in 40 schools
- C Already 38,000 active users in the system

# Attendance (not only) for schools

We have developed a new universal (attendance) terminal

#smartterminal #notonlyforattendance #powerfulhw #cloudbasedattendance

- © Premium design
- C Large touch screen
- C LAN/WiFi and cellular connectivity
- © Powerful HW
- C Support for all types of identification (mobile, card...)
- Compatible with traditional and cloud-based IMA systems
- C Already in 10 schools since August 2021
